Message of the Vice Chancellor

It is my distinct pleasure and honour to offer a consolidated list of all the Ph.D degrees awarded by our university. A Ph.D is more than a degree—it is a commitment to knowledge, discovery, and the pursuit of excellence. It represents the highest level of academic achievement, where the individual student becomes a part of a global network of scholars, contributing to the development of new ideas, solving complex problems, and influencing societies in meaningful ways.

At our institution, we pride ourselves on offering a Ph.D program combining rigorous research and a strong support system. Our commitment to fostering a culture of inquiry, critical thinking, and academic rigor is reflected in the high standards we maintain. Moreover, the university recognizes that a Ph.D is not just about research—it is also about the holistic development of our students. We provide a platform where you can enhance your leadership skills, engage with interdisciplinary collaborations, and gain invaluable experiences that will equip you for future opportunities, whether in academia or beyond.

As Vice Chancellor, I am deeply proud of the work that all the scholars have accomplished and the legacies they have created in their respective fields. Their scholarly contributions will continue to inspire the next generation of Ph.D students, who will follow in your footsteps and carry the torch of knowledge and inquiry. Your impact is not confined to academia; it reverberates through communities, industries, and even governments that rely on your expertise and leadership.

Thank you for being part of our university. We are excited to continue celebrating your achievements, your successes, and your unwavering commitment to making the world a better place.

Thanks to all.

Message of the Registrar

“Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do.” – Steve Jobs

It is an immense privilege for me to publish a consolidated database of Ph.D alumni recognizing their continued contributions to the global community. When these minds first embarked on their doctoral journey at this university, they entered a programme designed to impart knowledge and challenge, refine, and transform them as scholars and professionals. Today, as alumni, they are the living proof of the excellence and vision that we, as an institution, strive to instill in every one of our doctoral students.

The Ph.D journey is one of discovery, resilience, and intellectual rigor. It is a path that pushes anyone to ask questions, challenge the status quo, and pursue answers with an unwavering commitment to truth. Our Ph.D alumni have embodied these qualities and have made extraordinary contributions worldwide—whether in academia, research, policy, industry, or entrepreneurship.

As we look toward the future, we recognize that the journey does not end with completing the degree. The relationship between the university and its alumni continues to grow and evolve. We remain committed to supporting the alumni’s ongoing professional development, fostering lifelong learning, and providing opportunities to stay engaged with the academic community they helped shape.

On behalf of the entire university, I express my deepest gratitude for their continued contributions. They have demonstrated the power of academic excellence to create positive change and inspire the current and future students of this institution. We look forward to their continued success and the impact that they will undoubtedly have in the years ahead. For researchers, scholars, and professionals looking to learn more about the scope and depth of our Ph.D program, we hope this directory will be a useful resource.

चरैवेति- चरैवेति, यही तो मंत्र है अपना । नहीं रुकना, नहीं थकना, सतत चलना सतत चलना । यही तो मंत्र है अपना, शुभंकर मंत्र है अपना ॥

Our profound gratitude goes out to the professors, advisors, and support personnel who have helped our Ph.D students over their academic careers.

Message of the Editors

We are pleased to present the 1st edition of the Directory of Ph.D Awardees, a comprehensive compilation of doctoral degrees conferred by the University of Gour Banga, Malda. This directory is evidence of the academic excellence, dedication, and perseverance of our Ph.D scholars.

The Ph.D program at our university is designed to foster innovative research, critical thinking, and intellectual curiosity. Our Ph.D scholars, under the guidance of esteemed faculty members, have made significant contributions to their respective fields, advancing knowledge and pushing boundaries.

The Ph.D Directory is a testament to the university's commitment to academic excellence, innovation, and research. This record showcases the achievements of our Ph.D graduates, highlighting their cutting-edge research, educational achievements, and contributions to their respective fields.

As a premier institution of higher learning, the University has a long tradition of fostering intellectual curiosity, creativity, and critical thinking. Our Ph.D program is designed to equip scholars with the knowledge, skills, and expertise necessary to excel in their chosen fields and make meaningful impacts in academia, industry, and society.

This directory provides a snapshot of the diverse range of research areas, supervisors, and award dates, demonstrating the breadth and depth of our Ph.D program. We are proud to recognize the accomplishments of our Ph.D graduates, who have shown exceptional academic rigor, intellectual curiosity, and dedication to their research.

We hope that this directory will serve as a valuable resource for:

- Researchers seeking to explore new areas of study
- Academics looking to collaborate with experts in their field
- Professionals seeking to tap into the expertise of our Ph.D graduates
- Prospective students considering pursuing a Ph.D at the University

The directory is organized with Sl. No., Date of Award, Subject, Ph.D Thesis Title, Name of the Awardee, Supervisor, Joint-Supervisor, Date of Admission, Date of Registration, Registration Number. We are proud to acknowledge the achievements of our PhD graduates, who have made meaningful impacts in academia, industry, and society.

We hope this directory will serve as a valuable resource for researchers, academics, and professionals seeking to explore the depth and breadth of our PhD program.

We sincerely thank the faculty members, supervisors, and administrative staff who have supported our PhD scholars throughout their academic journey.
